**Terms of Approval****Design Organisation Approval Certificate  
EASA.21J.046****1. Scope of approval**

This Design Organisation Approval has been granted for:

- designing in accordance with the applicable type-certification basis and environmental protection requirements changes to aeroplanes related to avionics, connected with the necessary electronic and mechanical installations
- showing and verifying the compliance with the applicable type-certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

**2. Categories of products**

Large and small aeroplanes  
Large and small rotorcraft  
Very light aeroplanes  
Sailplanes and powered sailplanes

**3. List of products**

[Not applicable]

**4. Privileges**

(a) The holder of this design organisation approval shall be entitled to perform design activities under Part 21 and within its scope of approval.

(b) Subject to 21A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining a supplemental type-certificate.

(c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:

1. to classify changes to type design as "major" or "minor".
2. to approve minor changes to type design.
3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA nr. EASA.21J.046".
4. to approve documentary changes to the aircraft flight manual, and issue such changes containing the following statement: "Revision nr. XX to AFM ref. YYY is approved under the authority of DOA nr. EASA.21J.046."

**5. Limitations**

[See in 1, above]

Repair design is not included.
